

SMARTFARMER – IoT ENABLED SMART FARMING APPLICATION

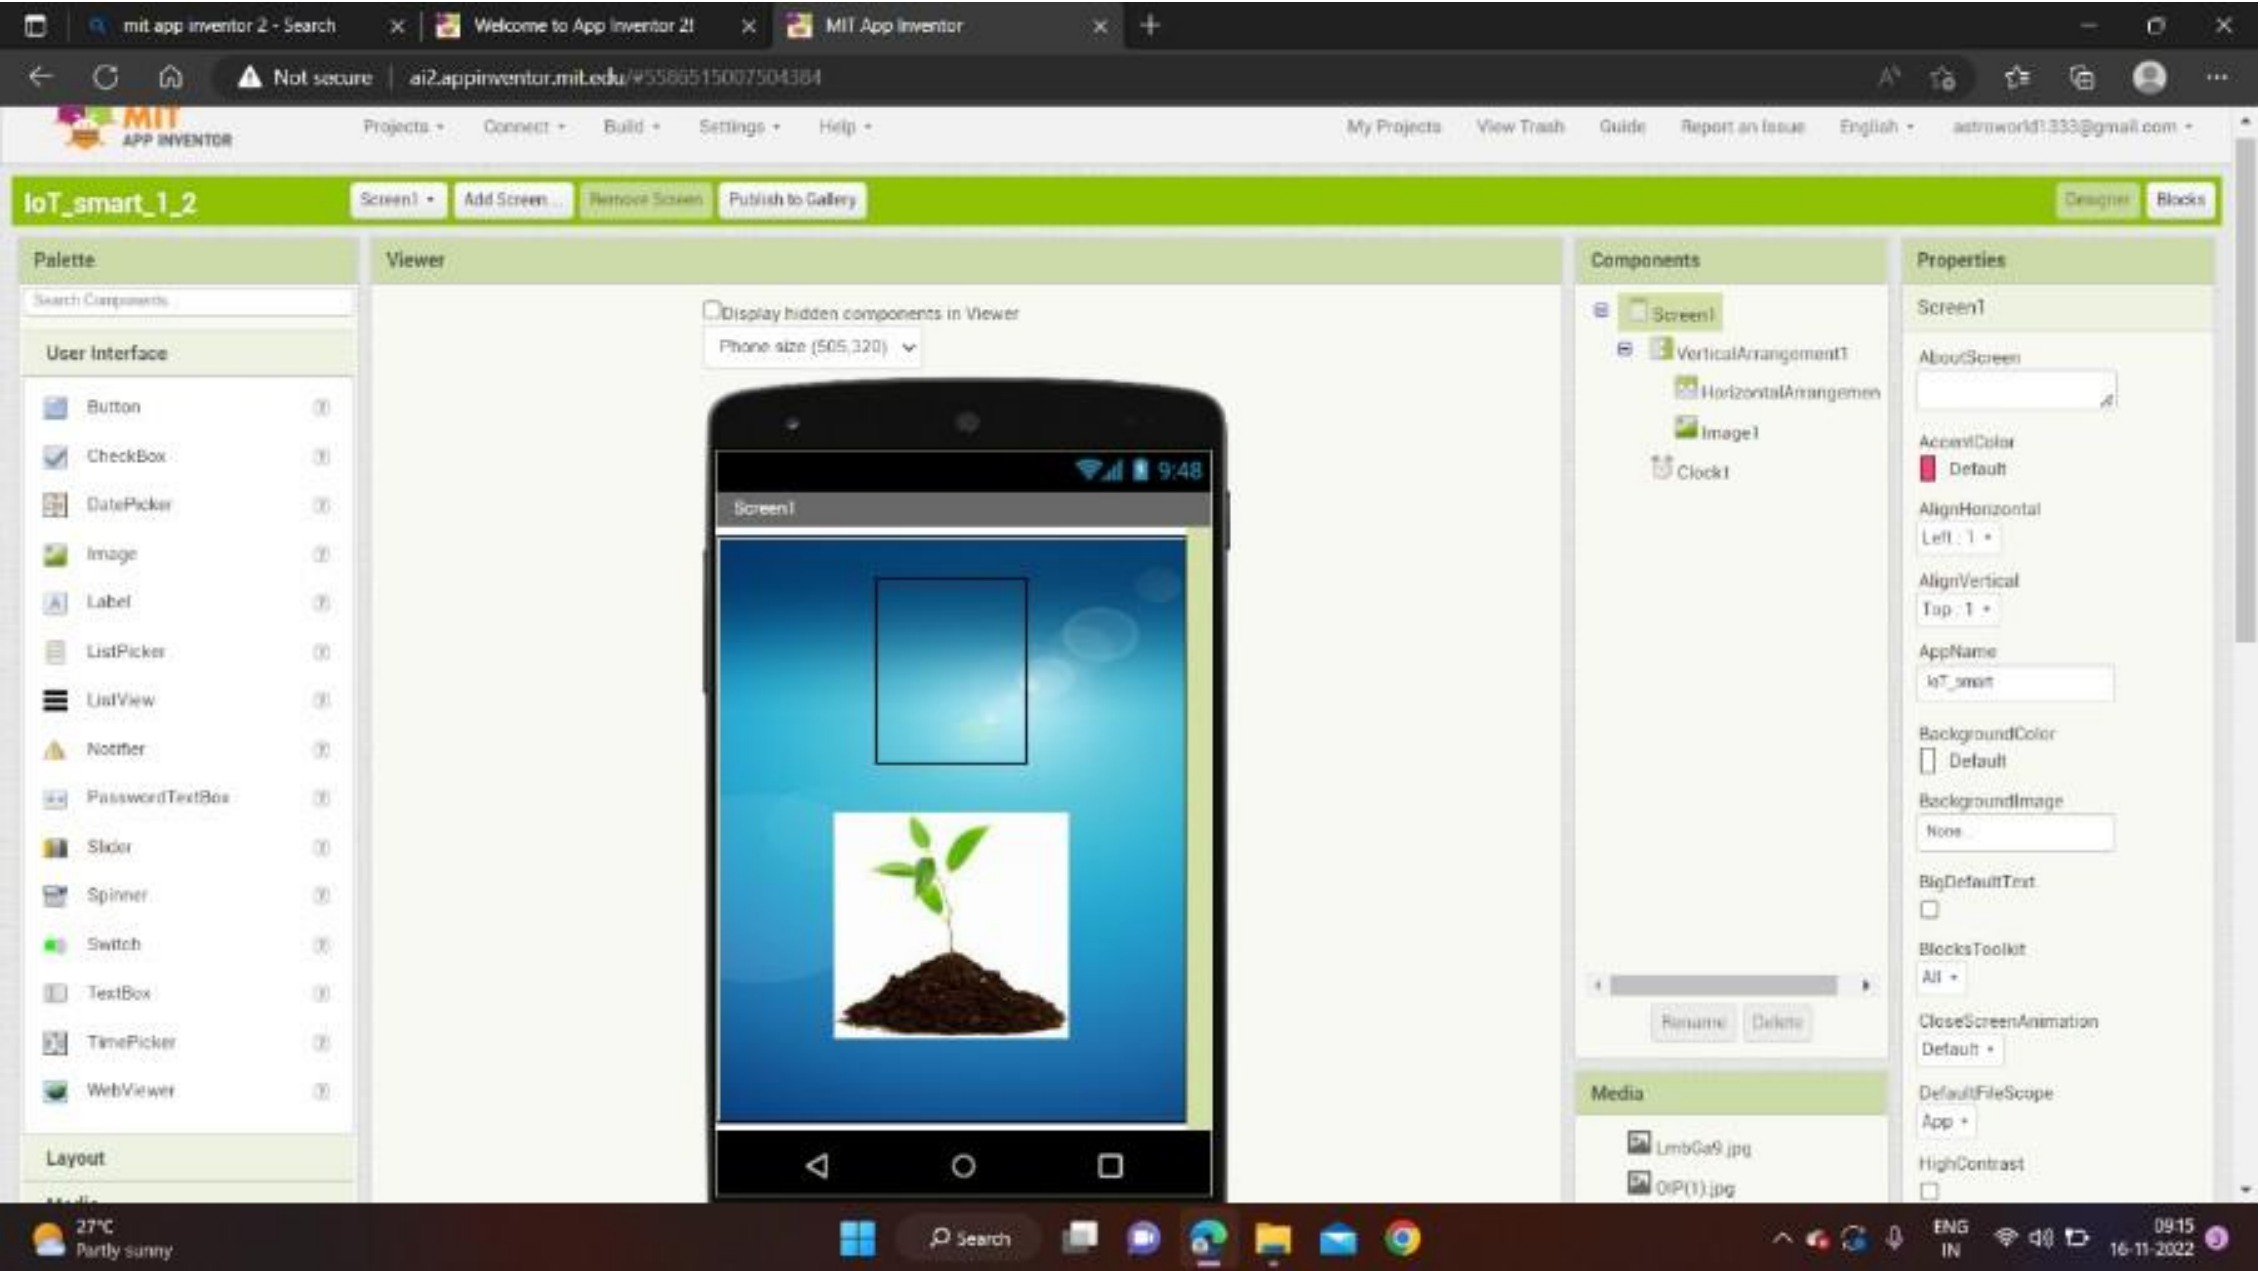

Sprint-1

Team ID	PNT2022TMID35924
Project name	SMARTFARMER – IoT ENABLED SMART FARMING APPLICATION

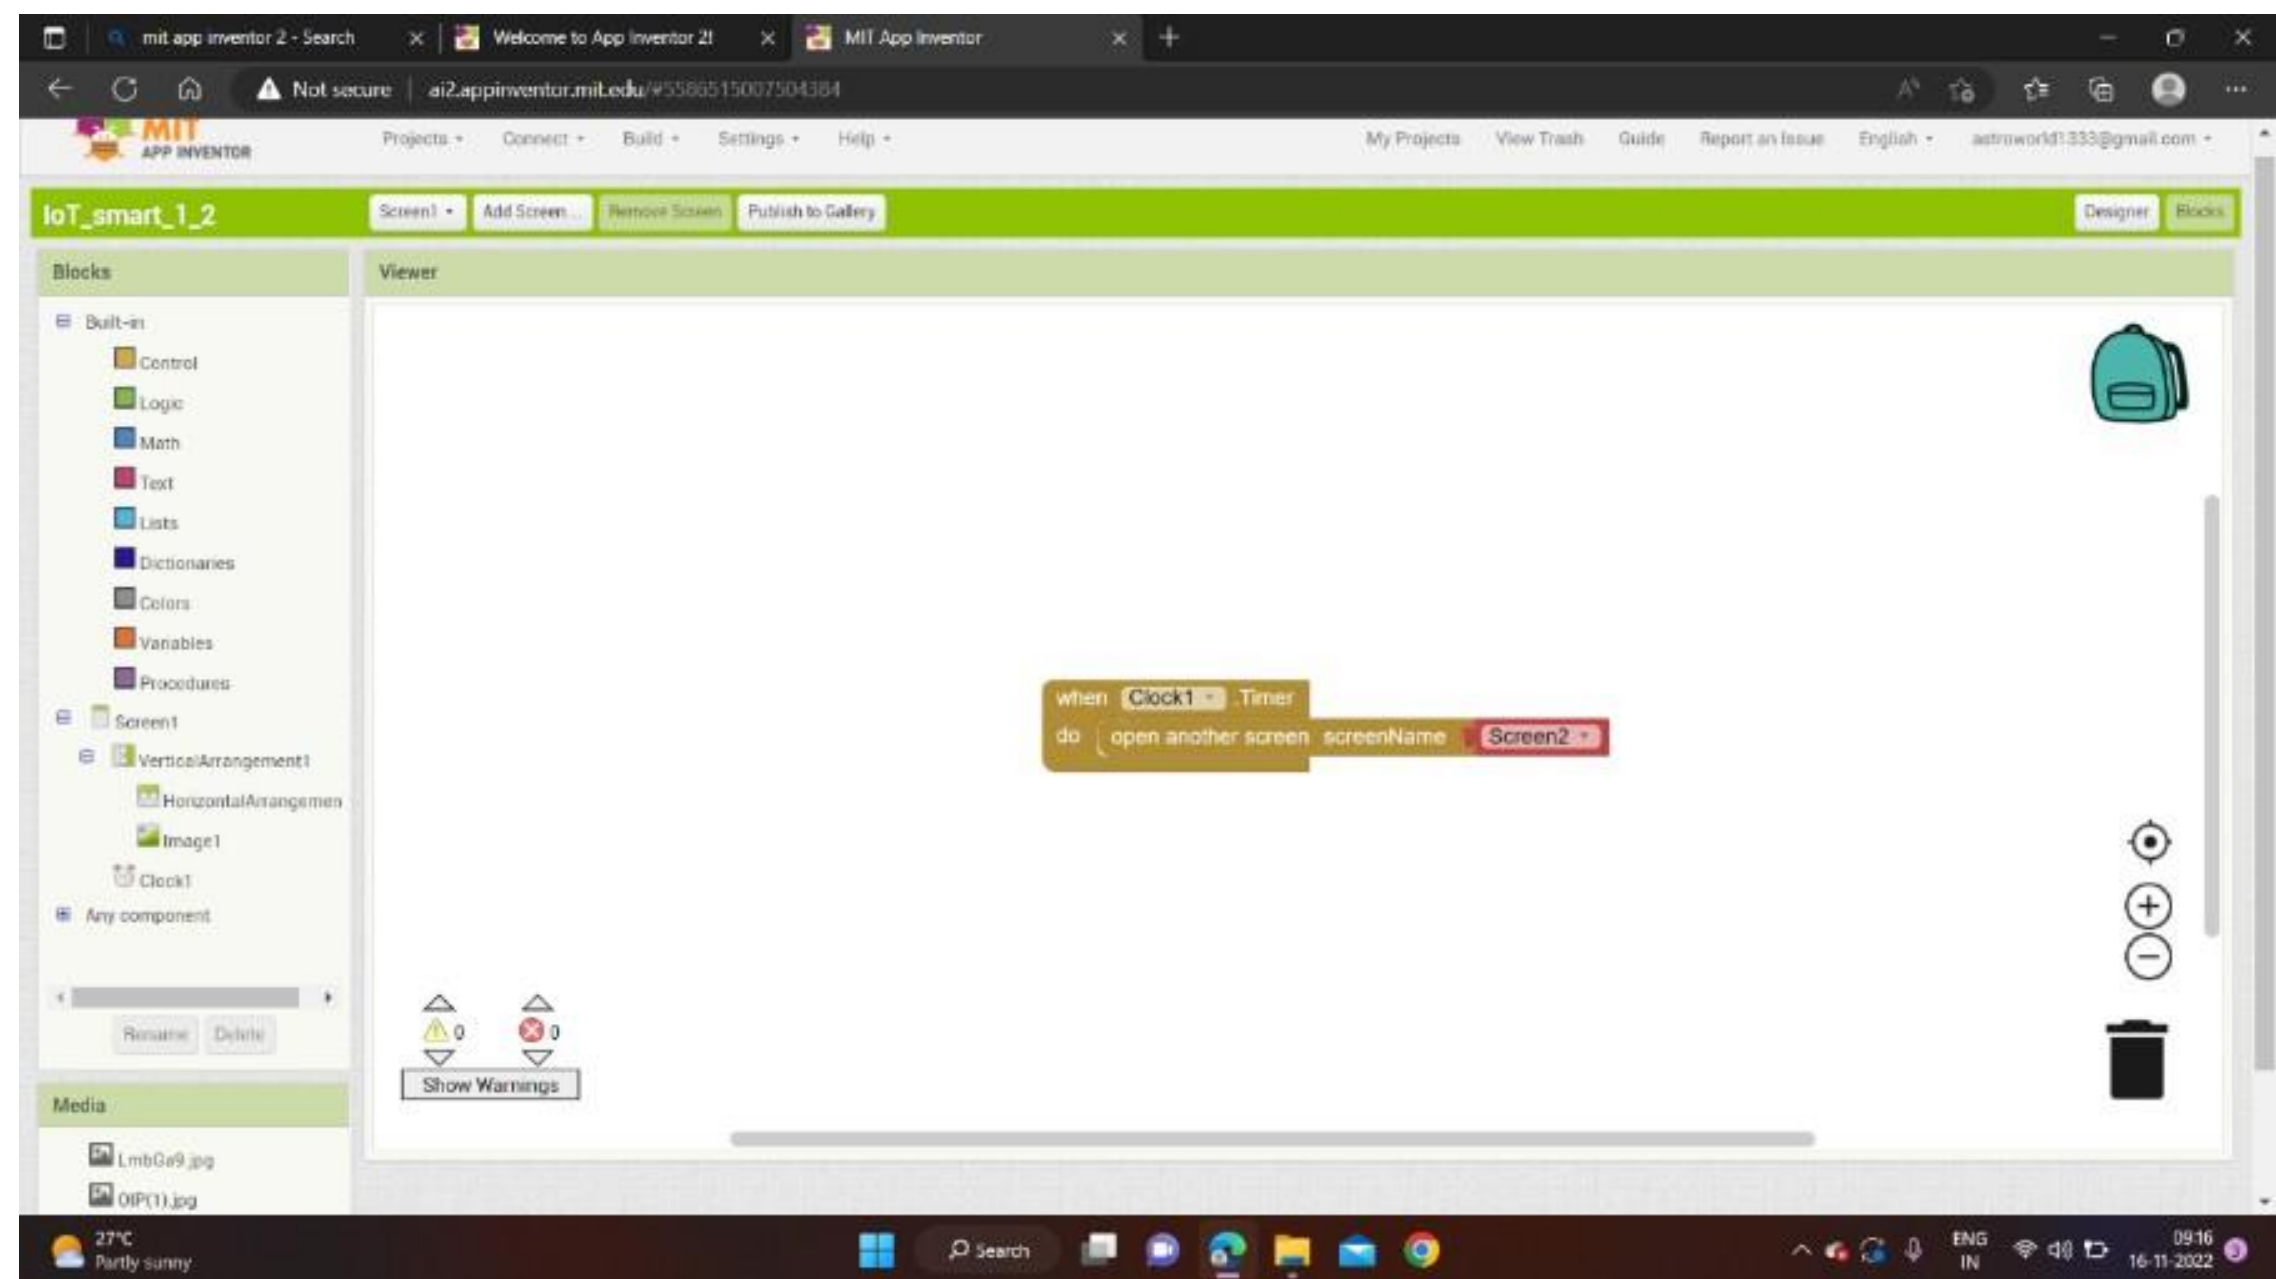

Sprint 1: projectplanning

Appdevelopment:

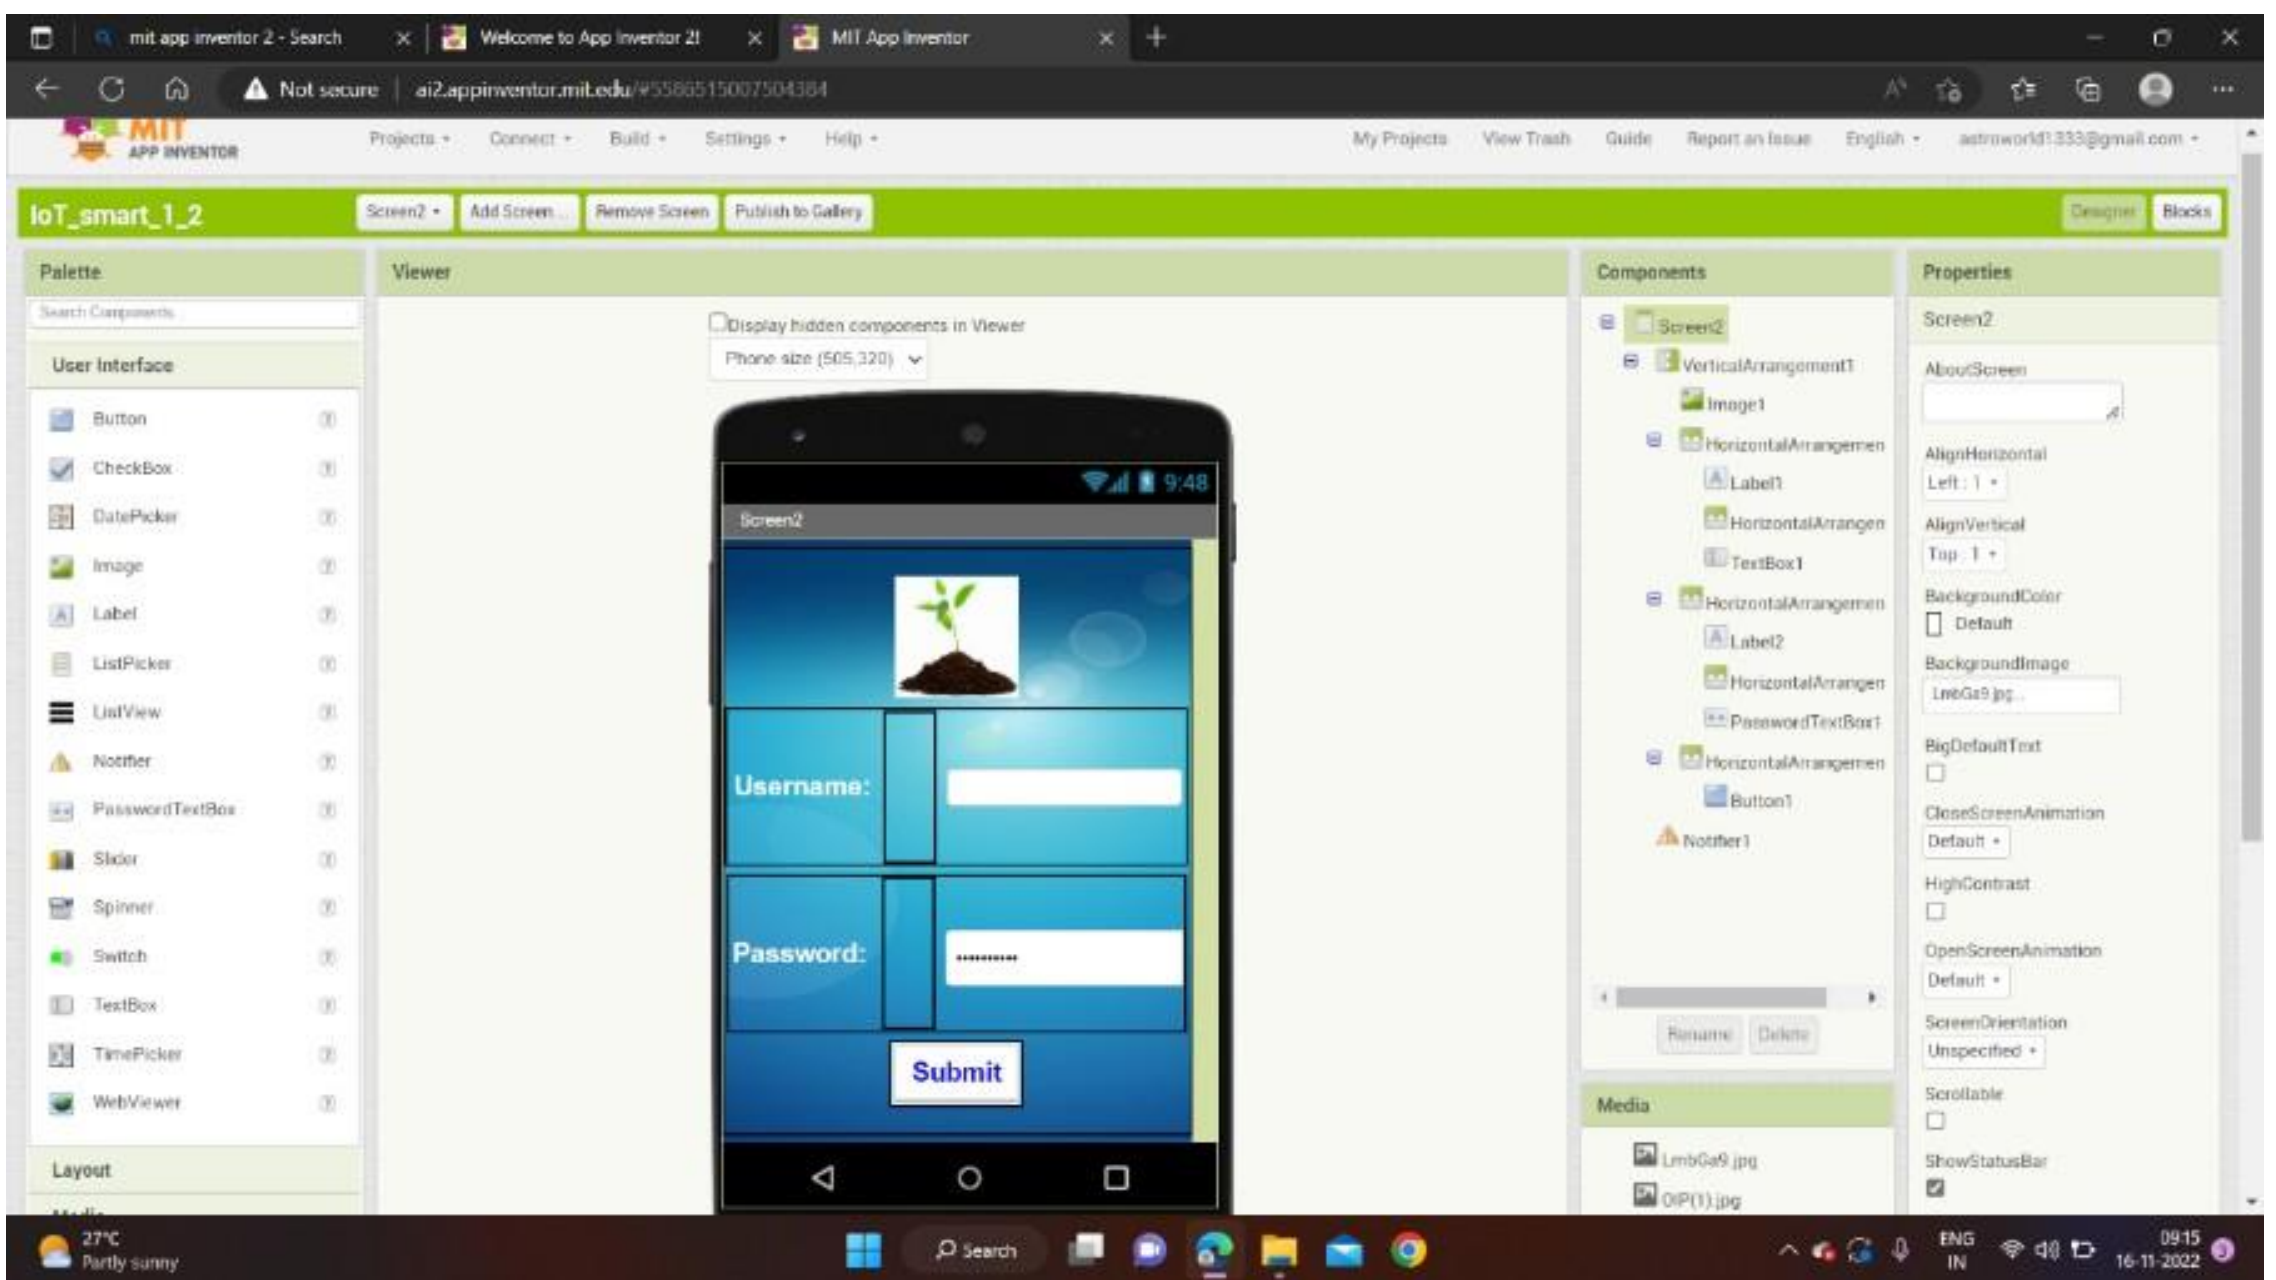

Screen1(Designerview)

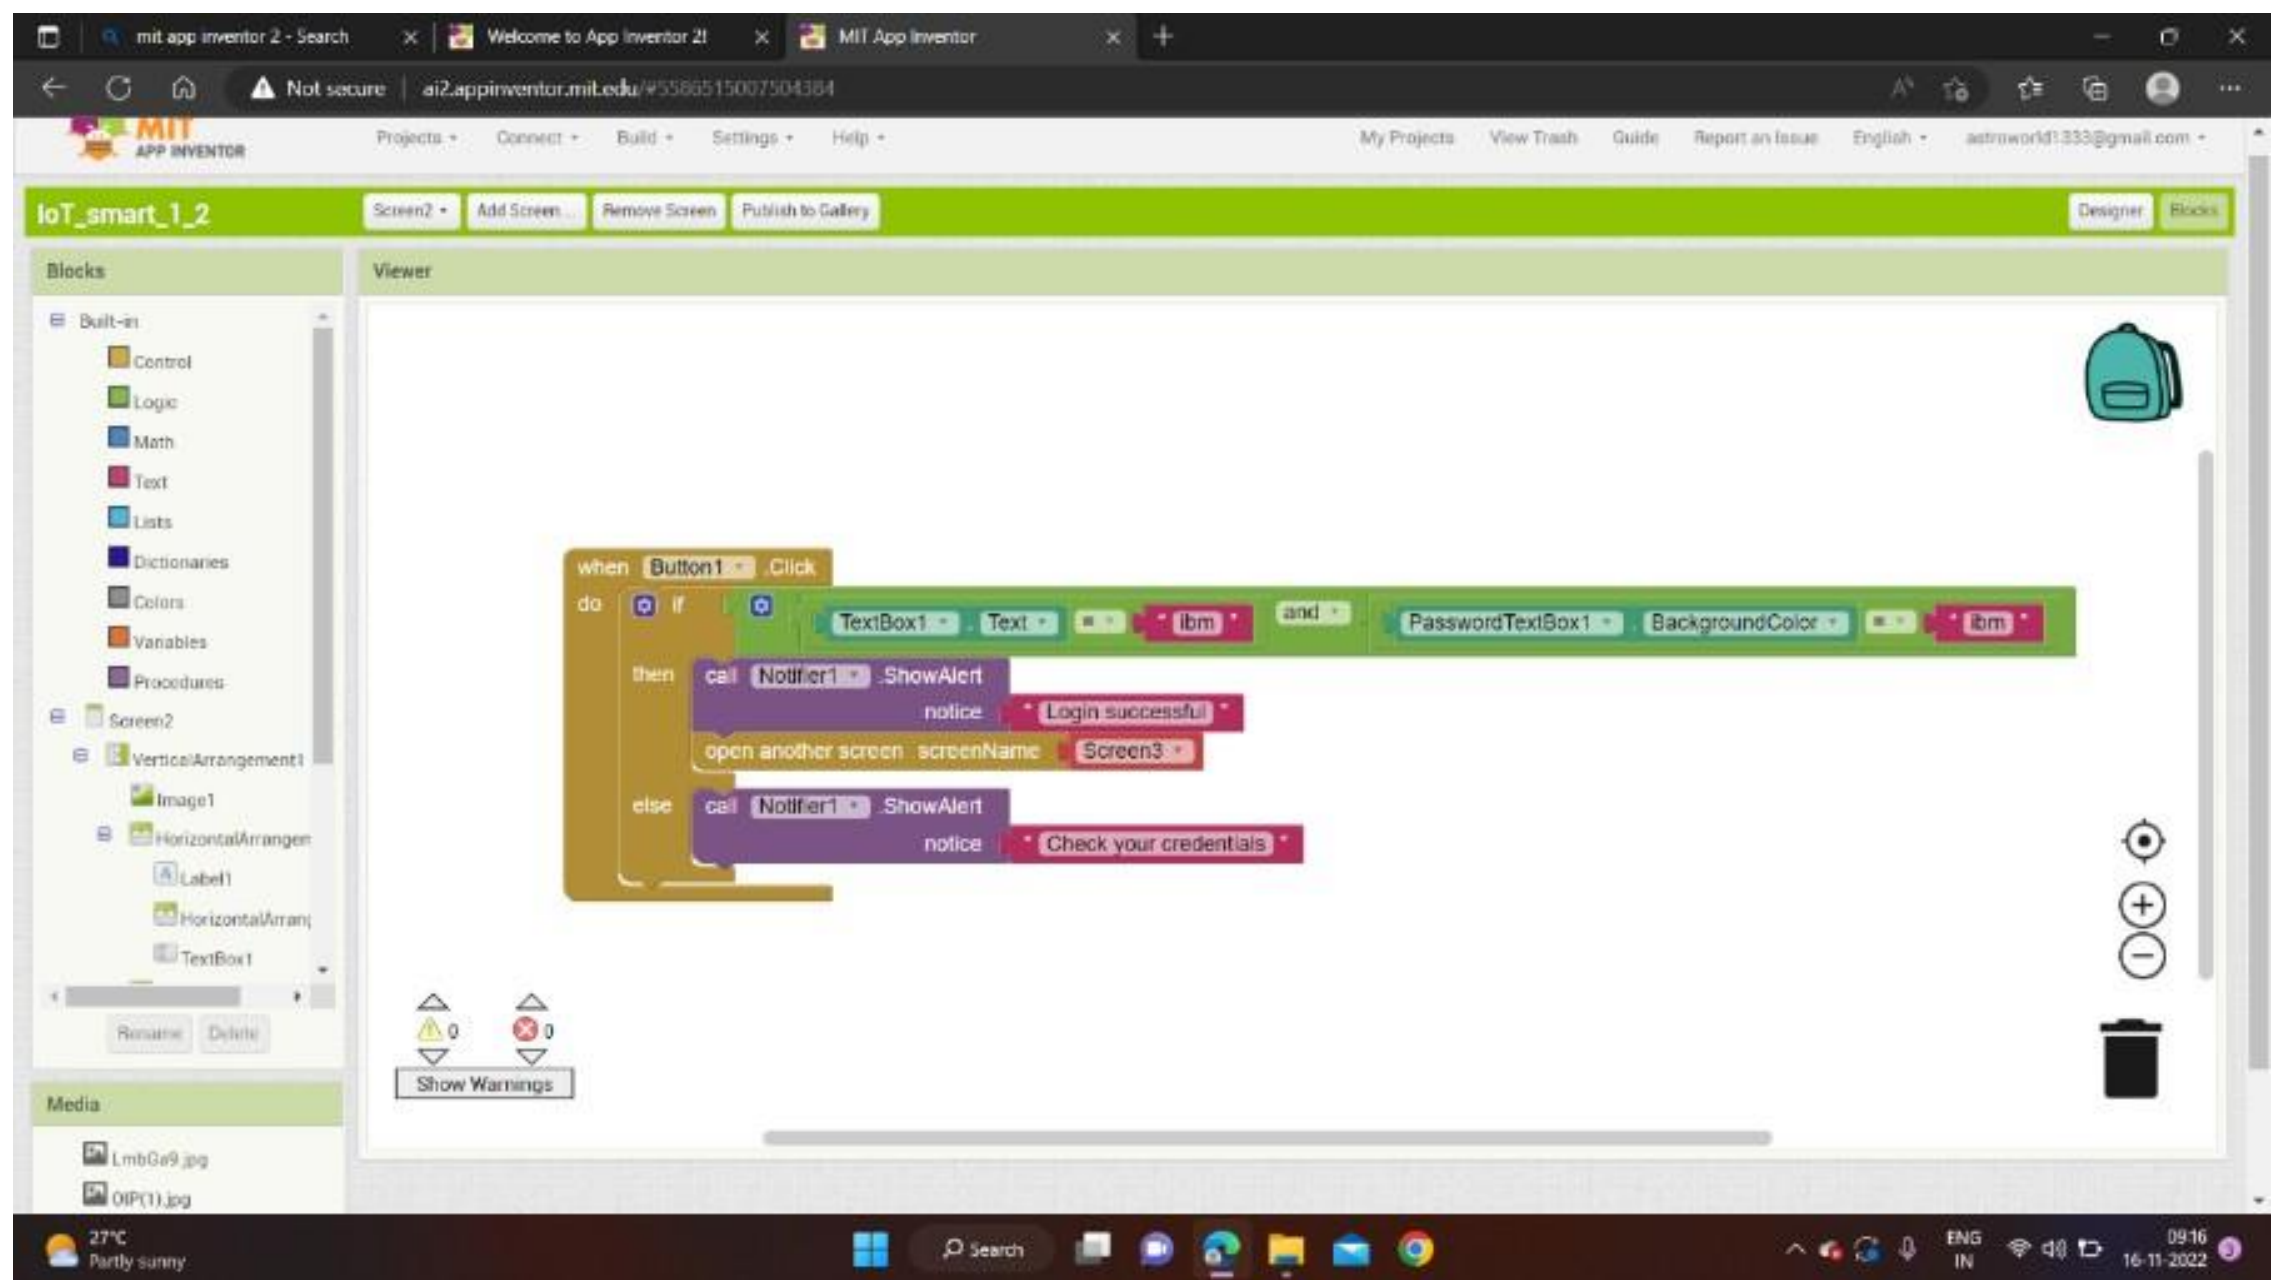

Screen 1(block view)

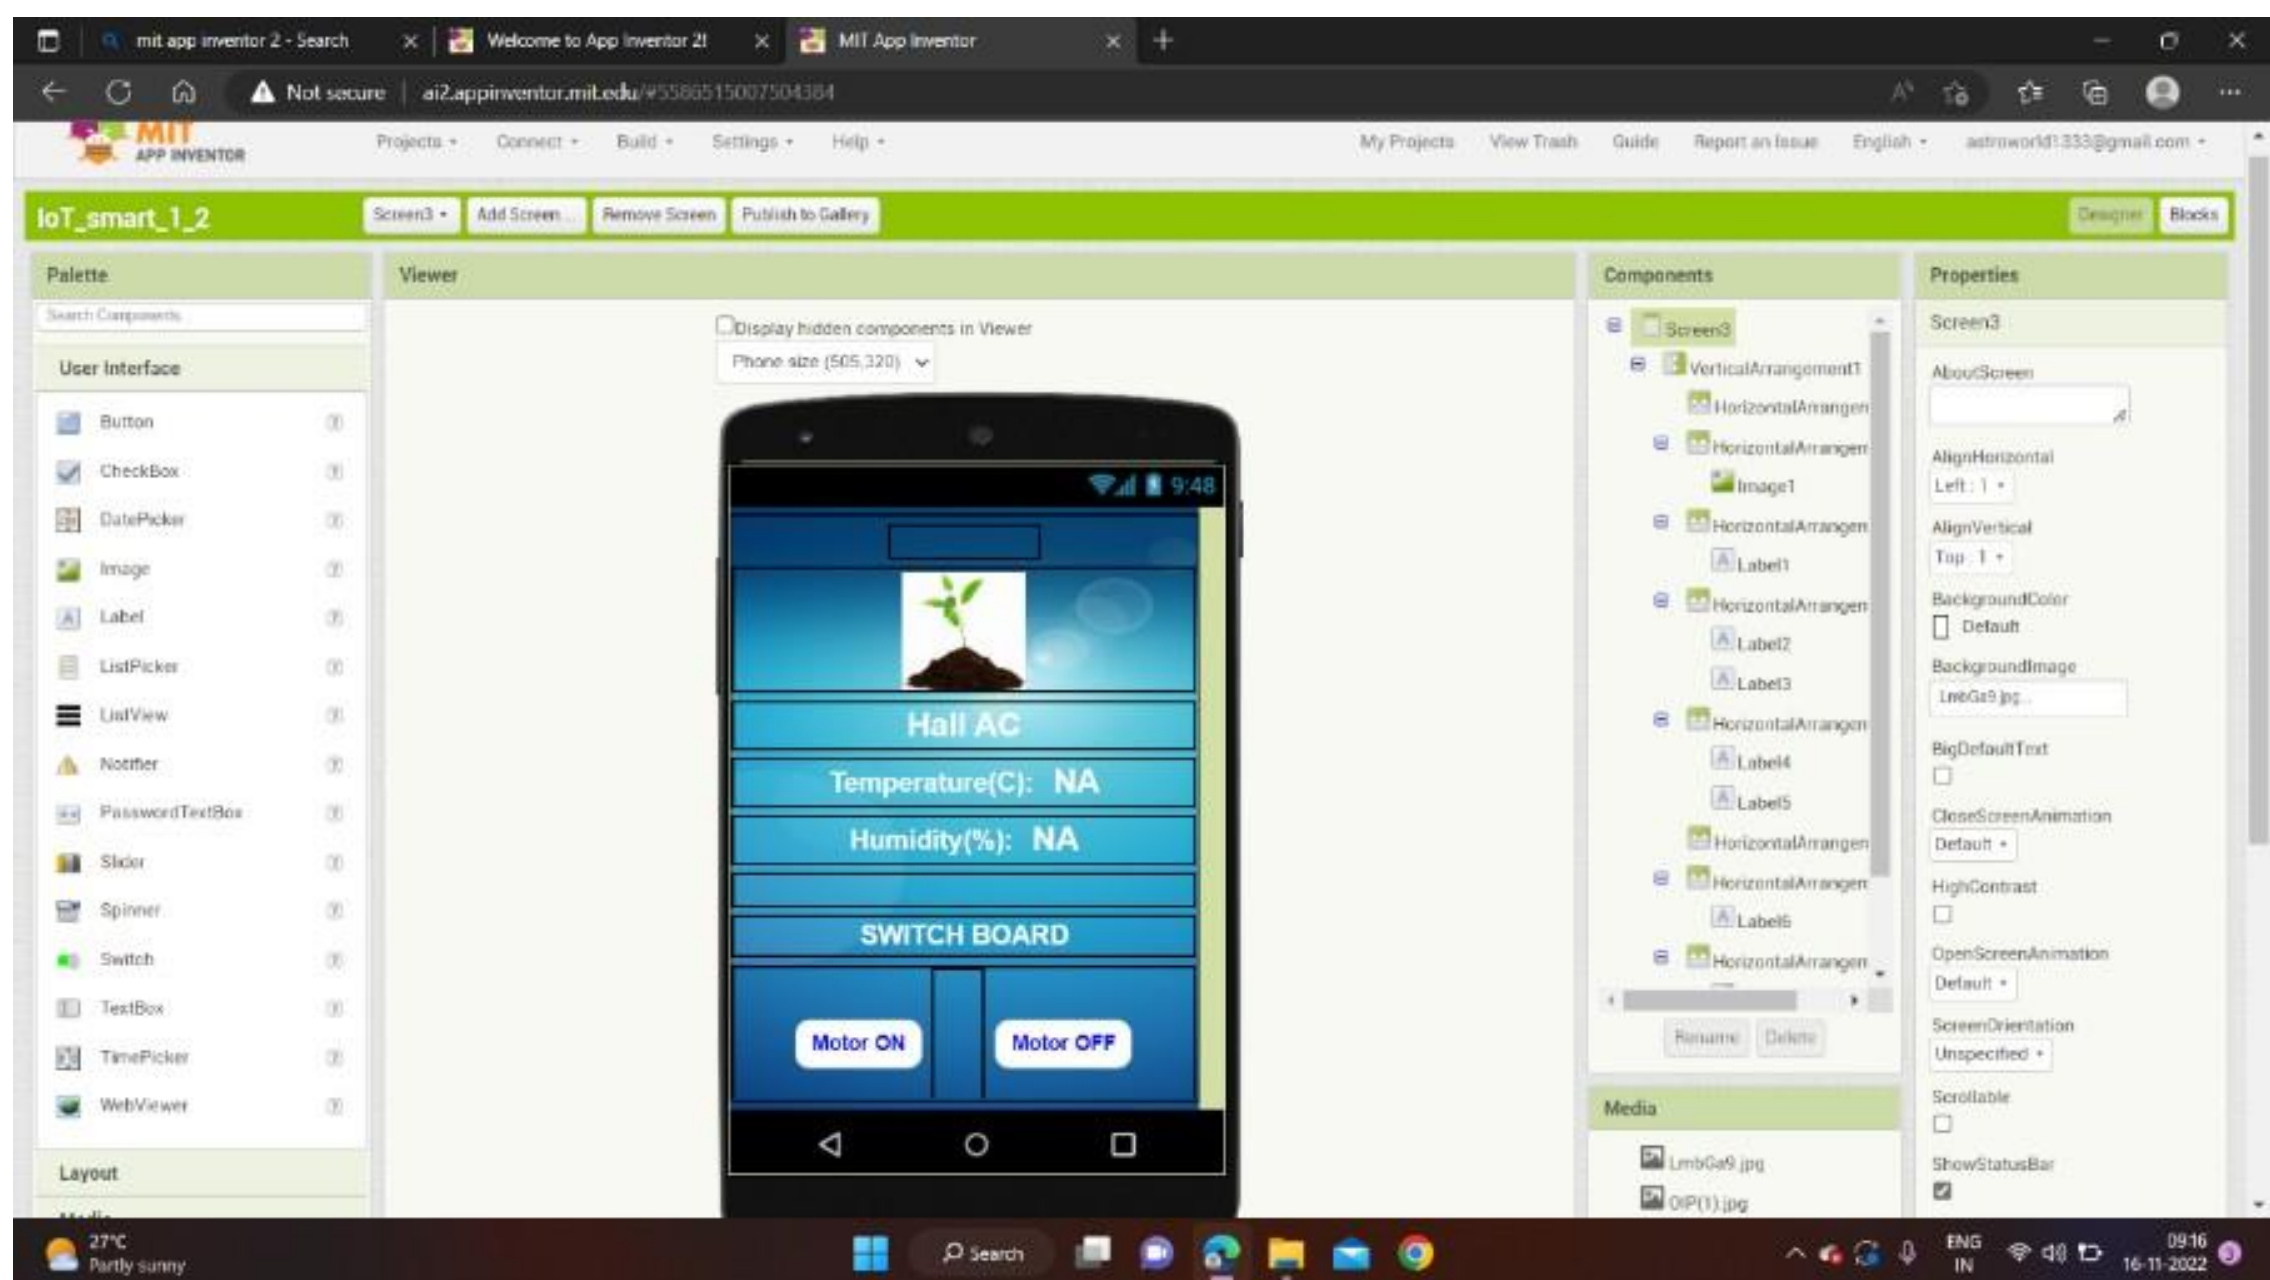

Screen 2(designer view)

Screen 2(block view)

Screen 3(designer view)

Summary:

Development of application:

Screen 1: Logo display

Screen 2: Registration process, setting up

Username and password

Screen3: Display of field parameters

Sprint1 video duration:

Video1: 5min4sec

Video2: 9min29sec

Difficulties faced:

- ❖ Sometimes, the elements put in the app are misaligned when viewed in phone/emulator.
- ❖ At a time, only one person can edit the app elements during development phase.
